- Rest Easy:** Have the peace of mind knowing your home's plumbing system is being inspected annually by our certified and licensed professionals to spot issues before they can become a problem.
- At Your Beck and Call:** While our annual service and inspection increases reliability and reduces the likelihood of emergency service – should you ever need us, as a member of our *Peace of Mind Plumbing Club* you will receive priority scheduling and waived service call charges.
- Savings:** Homeowners not only save on costly repairs, but also on electric, gas and water bills knowing their plumbing equipment is operating at peak efficiency with no leaks.
- Service You Can Trust:** Each of our professionals have undergone a background check and drug testing. We pride ourselves on fixing it right the first time with fast dependable service and the best trained professionals in the industry.
- Done Right Every Time:** Our trusted professionals use a detailed inspection checklist to ensure nothing is overlooked. You will be provided a detailed copy of the inspection checklist upon completion, which can be compared to previous reports for changes in operation and results.
- The Smart “Peace of Mind Plumbing Club”:** As a *Peace of Mind Plumbing Club* member you will receive priority service over non members, waived service call charges and reduced repair charges.

PEACE OF MIND PLUMBING PLAN

Purpose: Your Doctor recommends you receive a periodic checkup on your body's health. The various tests they run change as you get older.

Comparison: Most individuals wouldn't think of going years between checkups with their Doctor. The key to proper health is periodic checkups and early detection of any problems.

Plumbing System: Your body typically gives you warning signs when something is wrong. Unfortunately, a plumbing system within a home doesn't have easily noticeable warnings for potential problems.

"When my shower faucet recently broke, I called them to fix it. The plumber was personable, knowledgeable and showed up promptly." Dave K.

Homeowner vs. Service Technician: Most homeowners do not have the technical expertise to make themselves aware of potential plumbing problems, however our highly trained service plumbers do.

"Peace of Mind Plumbing" Club: Why? To assist homeowners in monitoring and properly maintaining their plumbing system, at our clients' request we have designed the "Peace of Mind Plumbing Club" plan. This plan was built to give our clients "Peace of Mind." Our clients have made a significant investment in their homes. We are proud to say that they look to us to help them protect it.

Protection: Our clients have made the choice to protect one of the most important items in their home: the plumbing system. We help make sure their toilets, bathtubs, sinks, water heaters, and washing machines are in great shape for the constant use they endure. Sign up for our "Peace of Mind Plumbing" today and know that our team is there to protect and improve the energy savings, health & safety, and comfort in your home.

100% SATISFACTION GUARANTEED

- Your technician will be professional, uniformed and qualified to work on your equipment.
- We will provide you with a written quote for repairs before we start any work.
- Our technicians will follow a stringent quality assurance task list to ensure a complete and thorough service each and every time.
